

Crashed Car Display for Social Action

Crashed Car Display

Place a crashed car in a frequented location outside the school and hang a sign with a safety message such as, “a seat belt can save your life”.

Materials Needed

- A crashed car (school or student council can contact a local wrecking/ towing company and ask them to donate a car for the cause)
 - Poster board
 - Caution tape
-

Setting Needed

- The best place to park the crashed car is out in front of the school where students and parents will see it on their way to and from school.
